

PI550 PREMIUM HARDWARE BUNDLE FOR COUNTERPOINT SQL

for the retail industry

For the ultimate all-in-one solution, Radiant's most advanced POS terminal—the PI550—is bundled with top-of-the-line peripheral devices. The PI550 Premium Hardware Bundle is designed specifically for stores running CounterPoint SQL software.

Radiant's retail-hardened solutions run longer than competitive products, and return to service is faster when maintenance is required. This means that you can lower your total costs while minimizing downtime.

When you choose Radiant as the single source for your hardware and software needs, you reduce your implementation risks and optimize the technology solution for your operating environment

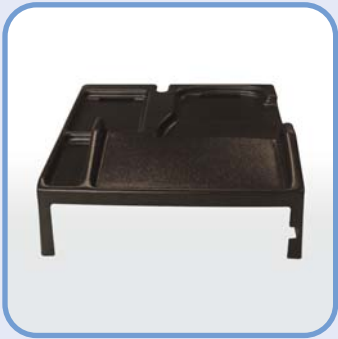

PI550 SPECIFICATIONS

The PI550 features the latest Intel® technology, a 15" touchscreen, and built-in magnetic stripe reader.

- Intel Pentium® M 1.6 GHz processor
